PROFESSIONAL SUMMARY

Detailed-oriented MERN Stack Developer with 1.2+ years of experience building responsive, scalable, and high-performance web applications. Strong hands-on skills in React.js, Node.js, Express.js, and MongoDB with experience developing RESTful APIs, modular UI components, and production-ready full-stack systems. Proven ability to collaborate with cross-functional teams, optimize performance, and deliver clean, maintainable code. Passionate about scalable architectures, UI/UX, and end-to-end problem-solving in fast-paced environments.

SKILLS & TECHNOLOGIES

- Languages and Databases:** JavaScript (ES6+), TypeScript, MongoDB, MySQL
- Frameworks and Libraries:** React.js, Next.js, Redux Toolkit, Express.js, Node.js, jQuery, Bootstrap, Tailwind CSS
- Other Skills:** REST APIs, UI/UX, Responsive Design, Git/GitHub, Jest, JSON, SEO Basics, AWS (Basic), CI/CD, NPM, Babel.

WORK EXPERIENCE

Seven Mentor Corporate Services Pvt. Ltd. | Pune, Maharashtra - 411004

MERN Stack Developer | Full Time

February 2025 – Present

ReactJs Developer | Internship

October 2024 – January 2025

- Built multiple full-stack applications using the MERN stack, contributing to enterprise systems such as SevenMentor and IT Education Centre websites, resulting in a 60% increase in user engagement.
- Developed and consumed RESTful APIs with Node.js & Express.js, integrating core modules like CMS, LMS, and Billing Software with secure role-based access.
- Implemented backend workflows using NodeMailer with OAuth2.0, improving reliability and security of communication modules.
- Collaborated with Design, QA, and PM teams to deliver optimized user experiences and ensured code quality through structured debugging, testing, and documentation.
- Worked on micro-frontend architecture, improving scalability, modularity, and deployment efficiency across systems.

KEY PROJECTS

SevenMentor Digital Ecosystem (Microfrontend Architecture) Technologies used: MERN | Next.js | Bootstrap | Tailwind CSS

- Engineered a micro-frontend digital ecosystem for multiple SevenMentor domains using Next.js and React, ensuring scalable, modular, and high-performance architecture.
- Implemented a dynamic CMS enabling admins to create, duplicate, and manage SEO-optimized webpages with customizable sections like banners, meta schemas, FAQs, syllabus, and projects.
- Integrated secure email automation using NodeMailer (OAuth2.0) and enhanced performance through SSR optimization, boosting site speed and engagement by 40%.

Dream Homes | [Source Code](#)

Technologies used: MERN | Tailwind CSS

- Developed a full-stack real estate platform with secure authentication (email/password), advanced property filtering, and personalized features like favorites, profile editing, and theme switching (light/dark/system).
- Built an admin dashboard for property management and integrated NodeMailer with OAuth2.0 for secure mail system.

CERTIFICATIONS

- | | |
|---------------------------------------|---|
| • React HackerRank June 2024 | • JavaScript HackerRank May 2024 |
| • CSS HackerRank June 2024 | • MySQL HackerRank Nov 2023 |

ACHIEVEMENTS

- Earned Gold Badges in JavaScript and Java on HackerRank by solving 50+ coding challenges.
- Scored 90+ in SSC, HSC, and Engineering Mathematics, proving strong analytical and problem-solving skills.

EDUCATION

Bachelor of Technology (B.Tech.) in Electronics and Telecommunications Engineering | CGPA: 8.4

Karmayogi Institute of Technology Shelve, Pandharpur (Aug 2020 – Aug 2024)

Solapur, Maharashtra
